

Asad Abdalla

3709 Tripp St, Ames, IA 50014
(402)-219-1587 * asadkomi@iastate.edu

Objective

To obtain an internship for the summer of 2021 performing software engineering-related work

Education

Iowa State University | Ames, IA

Bachelor of Science in Software Engineering

Expected Graduation: May 2023

Kirkwood Community College | Cedar Rapids, IA

Applied Science

Graduation: May 2020

Professional Work Experience

Iowa State University | Ames, IA

Summer Research Internship RISE-UP Program | June 2010 – August 2010

- Developed a tool in Java that allows the instructor to playback the revision history of the source code that the student wrote in the IDE and give feedback to the student.
- Followed the software design principles and the industry-standard for developing the software.
- Identified the problem and gathered the information needed for the project.
- Participated in team meetings by contributing ideas and reporting on progress.

Work Experience

Nordstrom | May 2018-Feb 2020

- Prepared online orders quickly to send to customers to ensure great customer service

Kawasaki | Dec 2016-Jan 2018

- Assembled motorcycles and w-wheelers
